2 *Petition for Writs of Habeas Corpus and Certiorari.*

Filed July 14th, 1906.

In the Circuit Court of the United States for the Eastern District of Virginia.

CHARLES F. BURROUGHS, Petitioner,
versus
MORGAN TREAT, United States Marshal in and for the Eastern District of Virginia, and Honorable EDMUND WADDILL, JR., United States District Judge for the Eastern District of Virginia, Respondents.

To the Honorable the Judges of the Circuit Court of the United States for the Eastern District of Virginia:

The Petition and Complaint of Charles F. Burroughs respectfully shows to the Court:

1.

That your petitioner is a citizen of the United States, and is a citizen and resident of the Eastern District of Virginia. and is unlawfully imprisoned and restrained of his liberty by Morgan Treat, United States Marshal for the Eastern District of Virginia, in the City of Richmond, and County of Henrico, in said District. That your petitioner is held by said Marshal under color and claim of authority of the United States, by virtue of a warrant for removal claimed to have been issued under section 1014 of the Revised Statutes of the United States, dated July 14th, 1906, signed by the Honorable Edmund Waddill, Jr., Judge of the District Court of the United States for the Eastern District of Virginia, and has been committed and is detained only under and by virtue of said warrant, and not by virtue of any judg-
3 ment, decree or final order of any court.

2.

On the 14th day of July, 1906, at the said City of Richmond, in said District, complaint in writing signed and sworn to by Morgan Treat, United States Marshal in and for said District, a copy of which is hereto attached, marked "Exhibit A," and made part hereof, was presented to the Honorable Edmund Waddill, Jr.,

Judge of the District Court of the United States for the said District, in and by which it was averred that he, the said Morgan Treat, United States Marshal, had good cause to believe and did believe that your petitioner has been indicted by the grand jury of the Circuit Court of the United States in and for the Middle District of Tennessee, for that your petitioner on the 8th day of July, 1903, and during the period of time from that date until and on the first day of September, 1905, and being during said period Vice-President of the F. S. Royster Guano Company, a corporation existing under the laws of the State of Virginia, did, in said Middle District of Tennessee, unlawfully engage in a conspiracy in restraint of trade and commerce among the several States of the United States in violation of section 1 of the Act of Congress approved July 2, 1890, entitled "An Act to protect trade and commerce against unlawful restraints and monopolies," and that on the 8th day of July, 1903, at and within the County of Davidson in the said Middle District of Tennessee, in violation of the provisions of section 5440 of the Revised Statutes of the United States, your petitioner did unlawfully conspire with divers other persons and corporations to commit an offense against the United States, to-wit: The offense of engaging in a combination in restraint of trade and commerce among the several States of the United States, all as more fully set out in an indictment filed in the said Circuit Court of the United States in and for the Middle District of Tennessee on May 25th, 1906, a certi-

4 fied copy of which indictment said complaint states was thereto attached and made a part of said complaint, and in and by which said complaint, said complainant did, therefore, charge that your petitioner did commit the said offense against the United States in the manner and form as set forth in said indictment, and did furthermore aver in said complaint upon information and belief, that in pursuance of an order of the said Circuit Court of the United States for the Middle District of Tennessee, a Bench Warrant had been issued from said Court for the arrest of your petitioner and delivered to the Marshal of the said Court, who, after due search, had returned said warrant "Not found" in said Middle District of Tennessee and that your petitioner is now believed to be within the Eastern District of Virginia, of which District he is a resident.

And said complainant, said Morgan Treat, United States Marshal, in and by said complaint did therefore pray that your petitioner might be arrested, imprisoned, and removed or bailed, as the case might be, for trial before said Circuit Court of the United States for the Middle District of Tennessee, and further dealt with according to law; all of which will appear from the said complaint, a copy of which is hereto attached as aforesaid, reference thereto being hereby made for greater certainty. And that thereupon, to-wit, on the said 14th day of July, 1906, a warrant for his arrest was issued by the Honorable Edmund Waddill, Jr., Judge as aforesaid, upon the aforesaid complaint, which came to the hands of the said Morgan Treat, Marshal as aforesaid, and he, in obedience thereto, arrested your petitioner and brought him before

the said the Honorable Edmund Waddill, Jr., Judge as aforesaid, and made return of said warrant, endorsed thereon, and a copy of said warrant with the endorsement thereon is hereto attached marked "Exhibit B" and made a part hereof.

3.

That thereupon then and there, the United States Attorney in and for the said Eastern District of Virginia, for and on behalf of the United States, did offer and introduce in evidence to and before the said Judge, in support of the averments of the said complaint of said Morgan Treat, United States Marshal, a certified copy of the said indictment mentioned and referred to in the said complaint. A certified copy of said indictment so offered and introduced in evidence is hereto attached, marked "Exhibit C," and made a part hereof, and the identity of your petitioner with and as the said Charles F. Burroughs mentioned and referred to in said indicement as one of the defendants therein, having been then and there admitted by your petitioner, the Government, the United States of America, introduced or offered no other or further proof or evidence in support of the said complaint or of the averments therein, but rested its case upon the said hearing of the said complaint before the said Judge.

4.

That thereupon, then and there, your petitioner, by his counsel, proceeded to offer, and offered, proof and evidence by witnesses then and there present to show that your petitioner did not within the said Middle District of Tennessee, on the 8th day of July, 1903, or during the period between the 8th day of July, 1903 and the 1st day of September, 1905, or at any other time, engage in the said alleged conspiracies in the said indictment mentioned, or any or either of them, join in or assent to the said alleged conspiracies, engaged in or entered upon in said Middle District of Tennessee, or any or either of them, or at any time or at any place do any act in furtherance of, or to effect the object of said alleged conspiracies engaged in in said Middle District of Tennessee, or any or either of them. Thereupon, then and there, the counsel for the Government, upon the said hearing, did object to the introduction on the behalf of your petitioner of the said evidence or any evidence or proof tending to contradict or controvert the respective averments, or any or either of them in the said indictment and in the respective counts thereof, viz., that your petitioner did engage in the said alleged conspiracy in said indictment mentioned and referred to, in the said Middle District of Tennessee, in manner and form as in the said indictment in that behalf aver-ed, or to contradict or controvert or disprove any of the averments in the said indictment contained,—on the ground, then and there stated, that upon the said hearing of said complaint, the said certified copy of the said indictment was conclusive evidence of every fact therein aver-ed to sustain and prove upon the said hearing the said complaint of the said Morgain Treat, United States Marshal, and the averments thereof, and the probable cause of the commis-

sion by your petitioner of the said supposed offenses in the said indictment mentioned and of any and every of them in the manner and form as in the said indictment aver-ed, and in that behalf, your petitioner then and there took the witness stand and demanded to be sworn as a witness in his own behalf, but the counsel for the Government objected, and the objection was by said Judge sustained and he was not permitted to be sworn or to testify.

5.

That thereupon, then and there, your petitioner by his counsel stated to the Judge that he would prove, and then and there his said counsel offered to prove by your petitioner as a witness and by other witnesses then and there present the following facts, which facts are true, that is to say: That the said Charles F. Burroughs has not been within the State of Tennessee for the period of seven years next preceding the 10th day of July, 1906, and neither has he through himself or through any agent, nor has any firm or corporation in which the said Burroughs is interested ever done any business
7 of any kind in the State of Tennessee within seven years next preceding said 14th day of July, 1906, except to purchase phosphate rock from the owners of mines in Tennessee, and that he has never at any time made, entered into or engaged in any of the conspiracies mentioned in said indictment or any other conspiracy within the Middle District of Tennessee, nor did he by or through any agent or agents, attorney or attorneys do or attempt to do within the said Middle District of Tennessee any of the matters and things alleged and aver-ed in said indictment to have been done by him and the other defendants named therein, nor did he personally or by or through any agent or attorney join in or assent to said alleged conspiracies or any of them in the Middle District of Tennessee or at any time or any place do any act in furtherance thereof or to effect the objects of said alleged conspiracies or any of them in the Middle District of Tennessee.

6.

That the United States Attorney, on behalf of the Government, then and there objected to the introduction or reception by the said Judge of the said evidence so offered on behalf of your petitioner, and to each and every part thereof, on the ground hereinbefore stated, which objection was then and there sustained by the Court, on the ground that the said certified copy of the said indictment so introduced on behalf of the Government, the identity of your petitioner as aforesaid being admitted by your petitioner as aforesaid, was conclusive evidence of the existence of every fact stated in the indictment, including the averments that the conspiracies alleged in the said indictment were engaged in in the Middle District of Tennessee, and that therefore said evidence or any evidence offered by and on behalf of your petitioner to controvert, contradict or disprove the averments of the said indictment in that behalf, or any or either of them, was incompetent and inadmis-

sible; and the said Judge, then and there, on the grounds
8 aforesaid, excluded and refused to receive said evidence so offered on behalf of your petitioner, or any part thereof, to which ruling of the Judge, your petitioner then and there, by his counsel, duly excepted.

7.

That thereupon the said Judge, upon the complaint and upon the evidence so introduced for and on behalf of the Government as aforesaid, made and signed a certain order reciting his said rulings as aforesaid and ordering as in said order appears, which said order is as follows:

THE UNITED STATES OF AMERICA,
Eastern District of Virginia:

THE UNITED STATES
vs.
CHARLES F. BURROUGHS.

This is an application under the provisions of section 1014 of the United States Revised Statutes for a warrant for the removal of Charles F. Burroughs to the Middle District of Tennessee and comes before me as follows:

The District Attorney for this District, together with Mr. E. T. Sanford, Counsel for the United States, presented to me, a verified complaint of Morgan Treat, United States Marshal for this District, with the certified copy of an indictment filed on May 25th, 1906, in the Circuit Court of the United States for the Middle District of Tennessee in the case of the United States *vs.* Virginia-Carolina Chemical Company and other defendants, including among such defendants the said Charles F. Burroughs.

Said complaint and copy of said indictment are made parts of this order.

Upon the exhibition of this indictment and affidavit and
9 the *ex parte* motion of the counsel for the United States, I made an order for the arrest of said Charles F. Burroughs and his production before me.

This order was duly executed by the said Marshal, who arrested the said Charles F. Burroughs and brought him before me in Richmond on this 14th day of July, 1906, as shown by his return. When the accused was so brought before me it was moved by the Counsel for the United States that inasmuch as the indictment charged offenses against the United States triable in the Circuit Court of said United States for the Middle District of Tennessee, and the identity of the defendant was admitted, that an order be forthwith made for the commitment of said Charles F. Burroughs for trial before said Circuit Court.

This motion was made upon the certified copy of the indictment without any further testimony, the identity of the party arrested and brought before me as the said Charles F. Burroughs mentioned in the indictment being admitted.

And thereupon the defendant, Charles F. Burroughs, offered himself as a witness in his own behalf, and being about to be sworn, the United States, by its Counsel, thereupon objected to the witness being sworn, or to any testimony being given in rebuttal of the indictment in these proceedings, on the ground that the identity of the defendant being admitted, inasmuch as the indictment on its face charges offenses against the United States committed and triable in the jurisdiction in which the defendant stands indicted, no evidence is admissible here to impeach the indictment, and the order of commitment should be made without other proof.

The defendant's counsel thereupon offered to prove by the defendant, and other witnesses then and there present, that the Circuit Court for the Middle District of Tennessee had no jurisdiction over the person of said defendant touching the offense charged in
10 said indictment, in that defendant and said other witnesses would, if permitted, testify that said Charles F. Burroughs has not been within the States of Tennessee for the period of seven years next preceding the 14th day of July, 1906, and neither has he through himself or through any agent nor has any firm or corporation in which the said Burroughs is interested ever done any business of any kind in the State of Tennessee within seven years next preceding said 14th day of July, 1906, except to purchase phosphate rock from the owners of mines in Tennessee and that he has never at any time made entered into or engaged in any of the conspiracies mentioned in the said indictment or any other conspiracy within the Middle District of Tennessee, nor did he by or through any agent or agents, attorney or attorneys do or attempt to do within the said Middle District of Tennessee any of the matters and things alleged and aver-ed in said indictment to have been done by him and the other defendants named therein, nor did he personally or by or through any agent or attorney join in or assent to said alleged conspiracies or any of them in the Middle District of Tennessee, or at any time or at any place do any act in furtherance thereof or to effect the objects of said alleged conspiracies or any of them in the Middle District of Tennessee. Nor has defendant done, or performed, or been engaged in, or a party to the same, or any of them in any other place or places at any other time or times whatsoever in the said District.

Thereupon Counsel for the Government renewed its objections as aforesaid.

After hearing counsel on both sides the Court announced its conclusions as follows:—

"The conclusion reached by the Court is that in a proceeding for the arrest and the removal of persons charged with a violation of the laws of the United States pursuant to section 1014 of the
11 Revised Statutes of the United States, before a United States District Judge, sitting in the State of Virginia, in which State there no longer exists the right of a preliminary examination upon a crime charged prior to the trial upon the merits, when said Judge is called upon to act as well in the matter of the apprehension

of such persons, as in their removal to the jurisdiction in which they have been indicted, that upon the Government's presentation of a sufficient indictment regularly found by a grand jury in a court of the United States, properly charging the commission of an offense within the district in which such indictment is found, coupled with proof of the identity of the person indicted, it is its duty to properly bail such person for appearance before the court in which he is indicted, or cause him to be removed thereto."

Therefore it was ordered that the testimony offered is inadmissible, and will not be received, and I therefore made the following order:

UNITED STATES OF AMERICA, *Eastern District of Virginia, set:*

The within named Charles F. Burroughs having been brought before me, and identified; and it appearing by a duly authenticated copy of an indictment that he stands indicted in the Circuit Court of the United States for the Middle District of Tennessee in cause No. 963 in said Court entitled "The United States *vs.* Virginia-Carolina Chemical Company *et al.*," for violation of section one of the act of Congress approved July 2, 1890, entitled "An Act to protect trade and commerce against unlawful restraints and monopolies" and for violation of section 5440 of the Revised Statutes of the United States, it is ordered that the said Charles F. Burroughs give bail in the sum of five thousand dollars with one or more sufficient
12 sureties for his appearance before the said Circuit Court of the United States for the Middle District of Tennessee for trial before said Court under the said indictment; or that in default thereof he be imprisoned for seasonable removal to the said Middle District of Tennessee, to be there dealt with according to law.

Richmond, Va., July 14th, 1906.

(Signed) EDMUND WADDILL, JR.,
U. S. District Judge for the Eastern District of Virginia.

And after said order had been made and the defendant declined to give bond, the Counsel for the United States moved that the warrant do issue directed to the Marshal of this District for the imprisonment and removal of the said Charles F. Burroughs to the Middle District of Tennessee, and his delivery to the custody of the United States Marshal of that District.

On such motion counsel for the said Charles F. Burroughs objected and again offered the said Charles F. Burroughs as a witness, together with the other witnesses here-before referred to, to establish the same matters and facts as herein before stated with regard to the objection to the order for the commitment of the said Charles F. Burroughs, which testimony was again offered and was again objected to by the counsel for the United States on the same grounds above set forth, and on the further ground that these matters could not now be inquired of in this stage of the proceedings, and was again excluded by the Court, to all of which counsel for the said Charles F. Burroughs duly excepted and had the exceptions noted and entered.

(Signed) EDMUND WADDILL, JR., *Judge.*

I therefore issued a warrant directed to the Marshal as follows:

13 *Warrant of Imprisonment and Removal.*

UNITED STATES OF AMERICA, *Eastern District of Virginia, sct:*

The President of the United States to the United States Marshal of the Eastern District of Virginia, Greeting:

Whereas it has been made to appear that Charles F. Borroughs stands indicted in the Circuit Court of the United States for the Middle District of Tennessee in cause No. 963 in said Court entitled: "The United States *vs.* Virginia-Carolina Chemical Company *et al.,*" for violation of section one of the act of Congress entitled "An Act to protect trade and commerce against unlawful restraints and monopolies" and for violation of section 5440 of the Revised Statutes of the United States; and whereas the said Charles F. Borroughs having been brought before me, and identified; and a certified copy of said indictment furnishing probable cause to believe him guilty as therein charged, and whereas it was thereupon ordered by me that said defendant give bail in the sum of five thousand dollars with one or more sufficient sureties for his appearance before the said Circuit Court of the United States for the Middle District of Tennessee for trial under said indictment, or that in default thereof he be imprisoned for seasonable removal to the said Middle District of Tennessee to be there dealt with according to law; and the said defendant having failed and refused to give bail as required, therefore;

You are hereby commanded in the name and by the authority of the said United States to imprison the said Charles F. Burroughs in accordance with law, and that with all convenient speed you remove him hence to the said Middle District of Tennessee and there surrender him to the Marshal of that District, there to be dealt
14 with according to law.

Richmond, Va., July 14th, 1906.

EDMUND WADDILL, JR.,
U. S. District Judge for the Eastern District of Virginia.

Richmond, Va., July 14th, 1906.

EDMUND WADDILL, JR.,
U. S. District Judge for the Eastern District of Virginia.

8.

Your petitioner further says that he is advised, and he charges and submits, that under and by virtue of Clause 3, of Section 2, of Article 3, of the Constitution of the United States, and of the Sixth Amendment to *to* the said Constitution, your petitioner is entitled to be tried and can only be indicted and tried for any alleged offenses against the laws of the United States, in the State and District in which the offense, which the indictment charges, was committed; that the said supposed offenses in the said indictment mentioned and charged, were not, nor was any or either of

them, committed in the said Middle District of Tennessee; that none of the alleged acts, transactions, matters or things which are in the said indictment mentioned or referred to as being and constituting the supposed engaging by this defendant in the said alleged conspiracies in the said indictment referred to, or any or either of them, were done or held or took place within the said Middle District of Tennessee, and no alleged act, transaction, matter or thing, in the said indictment mentioned or referred to as being the doing by this defendant of an act to effect the object of said conspiracy was done or held or took place within the Middle District of Tennessee; that he has not been within the State of Tennessee for the period of seven years next preceding the 14th day of July, 1906, and neither has he through himself or through any agent, nor has any firm or corporation in which the said Borroughs is interested, ever done any business of any kind in the State of Tennessee within seven years next preceding said 14th day of July, 1906, except to purchase phosphate rock from the owners of mines in Tennessee and that he has never at any time made, entered into or engaged in any of the conspiracies mentioned in the said indictment or any other conspiracy within the Middle District of Tennessee, nor did he by or through any agent or agents, attorney or attorneys, do or attempt to do within the said Middle District of Tennessee any of the matters and things alleged and aver-ed in said indictment to have been done by him and the other defendants named therein, nor did he personally or by or through any agent or attorney join in or assent to said alleged conspiracies or any of them in the Middle District of Tennessee, or at any time or any place do any act in furtherance thereof, or to effect the objects of said alleged conspiracies or any of them in the Middle District of Tennessee; that he did not do in said District any act in pursuance of the said alleged conspiracies in the said indictment mentioned, or any or either of them, in furtherance of the said alleged conspiracies in said indictment mentioned, or any or either of them, or to effect the object of the same, or as an act on the part of your petitioner of engaging in the same.

15

9.

That thereupon, the United States Attorney moved the commitment of your petitioner to the Marshal of the said District for removal to the Middle District of Tennessee for trial upon the indictment in the United States Circuit Court for said District, and the said Attorney for the United States thereupon made a motion before the Honorable Edmund Waddill, Jr., Judge, for the issuance of a warrant for the removal of your petitioner to the Middle District of Tennessee for trial as aforesaid in the United States Circuit Court for said District upon the said indictment, and the said motion was allowed, and said warrant was in pursuance thereof issued by the said Judge, and a copy thereof is embraced in the order of the said Judge hereinbefore recited as and made a part hereof. That thereupon the said Marshal of the Eastern District of Virginia, to whom the said warrant was directed, took your petitioner

16

into custody upon the said warrant and now holds your petitioner thereunder and threatens to take and remove your petitioner to the Middle District of Tennessee, as directed by the said warrant and will do so, unless your Honor shall issue the writ of *Habeas Corpus* herein prayed for. Your petitioner further says that in case your petitioner is removed under the said warrant to the said Middle District of Tennessee for trial upon said indictment and is there held for trial and tried upon said indictment, your petitioner will not be tried within the District in which the said alleged offenses charged in the said indictment were committed, as required by the Sixth Amendment to the Constitution of the United States, and by Clause 3, of Section 2, of Article 3 of said Constitution, and will be tried in violation of his rights under said provisions of the said Constitution. Your petitioner further says that he is advised, and he charges, that the said indictment does not charge the commission by your petitioner of any offense against the laws of the United States, and that same is in that behalf insufficient and void.

10.

That the imprisonment and detention of your petitioner is without authority of law, and the said proceedings before said United States District Judge are illegal and the said warrant of removal was illegally issued and in violation of Article 3, Section 2, of the Federal Constitution, and of the Sixth Amendment to the said Constitution; and that then and there by the said rulings of the said District Judge, in the exclusion of the said evidence and in
17 holding that the said certified copy of the indictment was conclusive evidence as aforesaid, and in refusing to permit your petitioner to introduce any evidence on his behalf, as aforesaid, your petitioner was deprived of rights secured to him by the said provisions of the said Constitution and by section 1014 of the Revised Statutes, and was and is by said Morgan Treat, United States Marshal, deprived of his liberty without due process of law.

Wherefore your petitioner prays that a writ of *Habeas Corpus* be issued, directed to the said United States Marshal of the Eastern District of Virginia, who has your petitioner in custody, demanding him to bring the body of your petitioner before this Court forthwith; and further that a writ of *Certiorari* be directed to the said Honorable Edmund Waddill, Jr., Judge as aforesaid, commanding that he return all proceedings against this petitioner to this court forthwith, for such action as may be proper in the premises.

CHARLES F. BURROUGHS.

18 UNITED STATES OF AMERICA,

Charles F. Burroughs being duly sworn, deposes and says that he has read the foregoing petition, and knows the contents thereof, and that the same is in all respects true.

19 EXHIBIT A.

UNITED STATES OF AMERICA, *Eastern District of Virginia, sct:*

On this 14th day of July, A. D. 1906, at the City of Richmond, in the said District, before the Honorable Edmund Waddill, Jr., Judge of the District Court of the United States of America for the said District, comes Morgan Treat, United States Marshal in and for the said District, and upon his oath complains and says: that he has good cause to believe and does firmly believe that Charles F. Burroughs of Norfolk, Virginia, stands indicted by the grand jury of the Circuit Court of the said United States in and for the Middle District of Tennessee, for that the said Charles F. Burroughs on the eighth day of July in the year 1903, and during the period of time from that date until and on the first day of September in the year 1905, being during said period Vice-President of the F. S. Royster Guano Company, a corporation existing under and by the laws of the State of Virginia, did in the said Middle District of Tennessee unlawfully engage in a conspiracy in restraint of trade and commerce among the several States of the United States in violation of section one of the Act of Congress approved July 2, 1890, entitled "An Act to protect trade and commerce against unlawful restraints and monopolies," and for that on said eighth day of July, 1903, at and within the County of Davidson, in the said Middle District of Tennessee, in violation of the provisions of section 5440 of the Revised Statutes of the United States, the said Charles F. Burroughs did unlawfully conspire with divers other persons and corporations to commit an offense against the United States, to-wit, the offense of engaging in a combination in restraint of trade and commerce among the several States of the United States, all as more fully set out in an indictment filed in the said Circuit Court of the United States in and for the Middle District of Tennessee on May 25,
20 1906, in cause No. 963, entitled "The United States *vs.* Virginia-Carolina Chemical Company *et al,*" a certified copy of which indictment is hereto attached and made a part of this complaint; and complainant therefore charges that the said Charles F. Burroughs did commit the said offenses against the United States in manner and form as set forth in said indictment.

Complainant furthermore avers upon information and belief that in pursuance of an order of said Circuit Court of the United States for the Middle District of Tennessee a bench warrant has been issued from said Court for the arrest of said Charles F. Burroughs and delivered to the Marshal of said Court, who, after due search, has returned said warrant "not found" in said Middle District of Tennessee; and that said Charles F. Burroughs is now believed to be

within the Eastern District of Virginia, of which district he is a resident.

Wherefore this complainant prays that the said Charles F. Burroughs may be arrested and imprisoned and removed or bailed, as the case may be, for trial before the said Circuit Court of the United States for the Middle District of Tennessee, and further dealt with according to law.

(Signed) MORGAN TREAT, *Marshal.*

Subscribed and sworn to before me by the above named Morgan Treat the day and year first above written.

Garland Tinsley, president and treasurer of the said Tennessee Chemical Company, in their said several capacities as officers, managers, agents, and attorneys of the said corporation defendants and members of the said firms, and on behalf of those corporations and firms, during the period of time in this indictment first aforesaid, did carry on the business aforesaid; that in so carrying on the said business the said defendants, that is to say, the said corporation and individual defendants, did sell and deliver large quantities of the said merchandise within the limits of the said States of the conspiracy from the respective places of business of the said corporation defendants and the said firms, located at different points within those States, to retail dealers in and consumers of such merchandise, in such States respectively, and did also ship large quanti-es of the same from their respective places of business, located in the said States of the conspiracy and also in the States of Virginia, Illinois, and Kentucky, into and through other of the said States than those in which their said places of business were located; that in so carrying on the said busi-

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that in so carrying on the said business, trade and commerce, the said Virginia-Carolina Chemical Company and the said Samuel T. Morgan, president, Fortesque Whittle, vice-president, Frank B. Dancy and Frank E. Wilcox, managers and agents, and J. Rice Smith, agent and manager, of the said Virginia-Carolina Chemical Company, did make use of and operate a portion of their said business, trade and commerce through each of certain other corporations, to wit, the American Fertilizer Company, of Virginia, the Birmingham Fertilizer Company, of Alabama, the Coweta Fertilizer Company, of Georgia, the Georgia Chemical Works, of Georgia, the Navassa Guano Company, of North Carolina, of either the whole or a majority of the capital stock of which said corporations respectively the said Virginia-Carolina Chemical Company was the owner;

26 that in so carrying on the said business, trade and commerce, the said Armour and Company and the said Austin B. Carpenter and Charles H. MacDowell, managers and agents, and Charles G. Wilson, attorney and agent, of the said Armour and Company, did make use of and operate all of their said business, trade and commerce through a certain other corporation called the Tuscarora Fertilizer Company, of New Jersey, and a certain trade name, to wit, the trade name of Armour Fertilizer Works; that in so carrying on the said business, trade and commerce, the said Furman Farm Improvement Company and the said firm of A. D. Adair and McCarty Brothers did make use of and operate a portion of their said business trade, and commerce under the trade name of Chickamauga Fertilizer Works; that in so carrying on the said business, trade and commerce, the said Federal Chemical Company, of Delaware, and the said Federal Chemical Company of Kentucky, did make use of, and operate a portion of their said business, trade and commerce through, the names of Century Phosphate Company, Fox Chemical Company, Branch Globe Fertilizer Company, Branch and Tennessee Phosphate Company; that in so carrying on the said business, trade and commerce, the said National Fertilizer Company did make use of, and operate a portion of its said business, trade and commerce through, the corporate name of American Guano Company and the trade name of Nashville Guano Company; that in so carrying on the said business, trade and commerce, the said Read Phosphate Company did make use of, and operate a portion of its said business, trade and commerce through the corporate name of Empire Guano Company; that in so carrying on the said business, trade and commerce, the said F. S. Royster Guano Company did make use of, and operate a portion of its said business, trade and commerce through the trade name of Atlantic Chemical Company and the corporate name of Columbia Guano Company; that in so carrying on the said business, trade and

commerce, the said Swift and Company did make use of, and operate the whole of its said business, trade and commerce through, the trade name of Swift Fertilizer Works; and that in so carrying on the said business, trade and commerce, the said Tennessee Chemical Company did make use of, and operate a portion of its said business, trade and commerce through, the trade name of Continental Fertilizer Company.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that of the total volume of such business, trade and commerce then so being carried on by the said defendants and their competitors, the said defendants together had and controlled the principal part, that is to say, ninety per centum thereof; and
27 that because the said corporation defendants and the said firms were in fact separate and distinct from each other, they should have conducted their interstate trade and commerce strictly in competition with each other, during the said period, and then would have so conducted the same but for the unlawful conspiracy in restraint of the said business, trade and commerce in this indictment mentioned.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that the said corporation and individual defendants, during the period aforesaid, at and within the said Middle District of Tennessee, in violation of the provisions of said section one of the said Act of Congress, unlawfully did knowingly engage in a conspiracy in restraint of the said business, trade and commerce, so then being carried on by them in the manner aforesaid, whereby the said business, trade and commerce was restrained in the several ways and by the several means now here set forth and described, that is to say:

Competition as to the prices at which the said merchandise was sold and delivered by the said corporation defendants and the said firms in the said States of the conspiracy, which before the period of time in this indictment first mentioned had existed between the said corporation defendants and the said firms respectively, in the said business, trade and commerce, and which as aforesaid should have continued to exist during the said period, was prevented and destroyed by the said defendant from time to time fixing, and causing to be fixed, uniform and non-competitive prices, by them styled "current, reasonable market prices," for the said merchandise so sold and delivered by the said corporation defendants and the said firms in those States, and selling and delivering, and causing the sale and delivery of, such merchandise, in the said business, trade and commerce, at the prices so fixed and caused to be fixed; which said uniform and non-competitive prices were prices greatly in excess of the prices which but for the said unlawful conspiracy would at such times have prevailed for the said merchandise in the said business, trade and commerce, and were prices therefore unreasonable, and were a tax on the people of the said States of the said conspiracy amounting to a large sum of money, to wit, four million dollars, annually during the continuance of the same.

For and on account of such quantity of the said merchandise as was sold and delivered as aforesaid by any of such corporation defendants or of such firms, in excess of amounts allotted and caused

to be allotted to them respectively by the said defendants, the sum of one dollar and fifty cents for each ton of ammoniated fertilizers and one dollar for each ton of other fertilizers so sold and
28 delivered in excess, was, by the corporation defendants and firms so selling and delivering the same, paid into a common fund, held by the Colonial Development Company, Limited, hereinafter mentioned; from which said fund the said Colonial Development Company, Limited, compensated, at the same rates per ton of ammoniated and other fertilizers, such of the said corporation defendants and firms as sold and delivered less than the amounts so allotted to them respectively, so it was not less than seventy-five per centum thereof during the first year of the continuance of the said unlawful conspiracy and ninety per centum thereof during the second year; it being a further element of the said unlawful conspiracy that each of the said corporation defendants and of the said firms also paid into the said fund the sum of twenty cents for and in respect of each ton of such merchandise going to make up its said allotment to be the absolute property of the said Colonial Development Company, Limited, unless such corporation defendant or firm, in disposing of its said allotment in carrying on the said business, trade and commerce, on its part faithfully should exercise every reasonable effort and due business diligence to maintain the prices so fixed and caused to be fixed as aforesaid and pay into the said fund the sum accruing to the same on account of its said excess sales, in which case an equal amount was returned to the corporation defendant or firm so paying it into the said fund.

The terms of sale of the said merchandise by the said several corporation defendants and the said firms, as to times of payment and discounts, were also made uniform and non-competitive as between all of the said corporation defendants and the said firms, in the said business, trade and commerce, among the said States of the conspiracy.

As a convenient intermediary and common agent between the said corporation defendants and the said firms, respectively and as a means of securing their co-operation in carrying out the said unlawful conspiracy, the said defendants made use of the Colonial Development Company, Limited, a corporation organized under the laws of the Province of Ontario in the Dominion of Canada; that is to say, the shares of the capital stock of the said Colonial Development Company, Limited, were apportioned among the said corporation defendants and the said firms approximately upon the basis of their said allotments, and such shares were sold to them by the said Colonial Development Company, Limited, at the rate of ten dollars per share, and the moneys accruing from such sale were held and used by the said Colonial Development Company, Limited, so as to further the object of the said unlawful conspiracy; and the said Colonial Development Company, Limited, was also allowed and required to collect, hold, use and distribute the said fund
29 arising from payments on account of excess sales and from payments of twenty cents per ton as aforesaid.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that, in pursuance of the said unlawful conspiracy,

and to effect the object of the same, and as an act on its part of engaging in the same, the said Virginia-Carolina Chemical Company, on the twenty-third day of September, in the year nineteen hundred and three, during the period of time aforesaid, at and within the City of New York, in the State of New York, unlawfully did knowingly deposit with the Continental Trust Company, of the said City of New York, the sum of twenty-six thousand dollars, in connection with the purchase of by the said trust company on behalf of the said Virginia-Carolina Chemical Company, and in the name of one Montrose Stuart, a clerk in the office of the said trust company, of twenty-six hundred shares of the capital stock of the said Colonial Development Company, Limited;

said firms in the States of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas and Tennessee aforesaid, which before the period of time in this count first mentioned had existed between the said corporation defendants and the said firms respectively, in the said business, trade and commerce, and which as aforesaid should have continued to exist during the said period, was to be prevented and destroyed by the said defendants from time to time fixing and causing to be fixed, uniform and non-competitive prices, by them to be styled "current, rea-
48 sonable market prices," for the said merchandise so to be sold and delivered by the said corporation defendants and the said firms in the States last named, and selling and delivering, and causing the sale and delivery of, such merchandise, in the said business, trade and commerce, at the prices so to be fixed and caused to be fixed; which said uniform and non-competitive prices were to be prices greatly in excess of the prices which but for the said unlawful conspiracy last aforesaid would at such times prevail for the said merchandise in the said business, trade and commerce, and were to be prices therefore unreasonable, and were to be a tax on the people of the said States amounting to a large sum of money, to-wit, four million dollars, annually during the continuance of the said unlawful conspiracy.

For and on account of such quantity of the said merchandise as should be sold and delivered as aforesaid by any of such corporation defendants or of such firms, in excess of amounts to be allotted and caused to be allotted to them respectively by the said defendants, the sum of one dollar and fifty cents for each ton of ammoniated fertilizers and one dollar for each ton of other fertilizers so sold and delivered in excess, was, by the said corporation defendants and firms so selling and delivering the same, to be paid into a common fund, to be held by the Colonial Development Company, Limited, hereinafter mentioned; from which said fund the said Colonial Development Company, Limited, was to compensate, at the same rates per ton of ammoniated and other fertilizers, such of the said corporation defendants and firms as should sell and deliver less than the amounts so allotted to them respectively, so it were not less than seventy-five per centum ther-of during the first year of the continuance of the said unlawful conspiracy and ninety per centum thereof during the second year; it being a further element of the said unlawful conspiracy in this count mentioned that each of the said corporation defendants and of the said firms was also to pay into the said fund the sum of twenty cents for and in respect of each ton of such merchandise going to make up its said allotment, to be the absolute property of the said Colonial Development Company, Limited, unless such corporation defendant or firm should, in disposing of its said allotment, in carrying on said business, trade and commerce, on its part faithfully exercise every reasonable effort and due business diligence to maintain the prices so to be fixed and caused to be fixed as aforesaid, and pay into the said fund the sums accruing to the same on account of its excess

sales, in which case an equal amount was to be returned to the corporation defendant or firm so paying it into the said fund.

The terms of sale of the said merchandise by the said several corporation defendants and the said firms, as to times of pay-
49 ment and discounts, were also to be made uniform and non-competitive as between the said corporation defendants and the said firms, in the said business, trade and commerce, among the States last mentioned.

As a convenient intermediary between the said corporation defendants and the said firms, and as a means of securing their cooperation in carrying out the said unlawful conspiracy, the said defendants were to make use of the Colonial Development Company, Limited, a corporation organized under the laws of the Province of Ontario, in the Dominion of Canada; that is to say, the shares of the capital stock of the said Colonial Development Company, Limited, were to be apportioned among the said corporation defendants and the said firms approximately upon the basis of their said allotments, and such shares were to be sold to them by the said Colonial Development Company, Limited, at the rate of ten dollars per share, and the moneys accruing from such sale were to be held and used by the said Colonial Development Company, Limited, so as to further the object of the said unlawful conspiracy; and the said Colonial Development Company was also to be allowed and required to collect, hold, use and distribute the said fund arising from payments on account of excess sales and from payments of twenty cents per ton as aforesaid.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that each and all of the acts set forth in the said first count of this indictment as being acts by the said several corporation and individual defendants in pursuance and to effect the object of the unlawful conspiracy in that count described, and as being acts on the part of the said corporation and individual defendants respectively of engaging in that conspiracy, are now here in this count charged to be acts by the same corporation and individual defendants, committed at the same times and places and under the same circumstances and conditions as to knowledge and intent on the part of the said corporation and individual defendants as those in that count specified, but to have been committed in pursuance and to effect the object of the unlawful conspiracy in this count of this indictment mentioned, and to have been acts on the part of the said corporation and individual defendants respectively of engaging in the last-named unlawful conspiracy.

And so the grand jurors aforesaid, upon their oath aforesaid, do say, that the said corporation and individual defendants, on the said eighth day of July, in the year of our Lord nineteen hundred and three, at and within the County of Davidson aforesaid, in the said Middle District of Tennessee, in manner and form in this count of this indictment aforesaid, unlawfully did engage in a con-
50 spiracy in restraint of trade and commerce among the several States; against the peace and dignity of the said United

States, and contrary to the form of the statute of the same in such case made and provided.

THIRD COUNT.

And the grand jurors, aforesaid, upon their oath aforesaid, do further present, that before and on the eighth day of July, in the year nineteen hundred and three, and during the period of time from that day until and on the first day of September, in the year nineteen hundred and five, the several corporation and individual defendants and the said firms named in the first count of this indictment, in the places and in the manner and under the circumstances in that count set forth, did carry on the business, trade and commerce in the said first count described, and so were engaged in trade and commerce among the States of this Union, within the meaning of the said Act of Congress approved July 2, 1890, and entitled "An Act to protect trade and commerce against unlawful restraints and monopolies."

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that the said corporation and individual defendants, during the period aforesaid, to wit, on the eighth day of July, in the year of our Lord nineteen hundred and three, at and within the County of Davidson, in the said Middle District of Tennessee, in violation of the provisions of section 5440 of the Revised Statutes of the said United States, unlawfully did knowingly and wickedly conspire together, and with divers other corporations and persons to the said grand jurors unknown, to commit an offense against the said United States, to wit, the offense of engaging in a combination, among themselves and with such other unknown corporations and persons, in restraint of the said business, trade and commerce so then being carried on by them in the manner aforesaid, which said unlawful conspiracy in this count mentioned then and there was a conspiracy to engage in a combination for restraining the said business, trade and commerce in the several ways and by the several means now here set forth and described, that is to say:

Competition as to the prices at which the said merchandise was to be sold and delivered by the said corporation defendants and the said firms in the States of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas and Tennessee aforesaid, which before the period of time in this count first mentioned had existed between the said corporation defendants and the said firms respectively, in the said business, trade and com-
51 merce, and which as aforesaid should have continued to exist during the said period, was to be prevented and destroyed by the said defendants from time to time fixing, and causing to be fixed, uniform and non-competitive prices, by them to be styled "current, reasonable market prices," for the said merchandise so to be sold and delivered by the said corporation defendants and the said firms in the States last named, and selling and delivering, and causing the sale and delivery of such merchandise, in the said business, trade and commerce, at the prices so to be fixed and caused to be fixed; which said uniform and non-competitive prices were to be

prices greatly in excess of the prices which but for the said unlawful conspiracy last aforesaid would at such times prevail for the said merchandise in the said business, trade and commerce, and were to be prices therefore unreasonable, and were to be a tax on the people of the said States amounting to a large sum of money, to-wit, four million dollars, annually during the continuance of the said unlawful conspiracy.

For and on account of such quantity of the said merchandise as should be sold and delivered as aforesaid by any of such corporation defendants or of such firms, in excess of amounts to be allotted and caused to be allotted to them respectively by the said defendants, the sum of one dollar and fifty cents for each ton of ammoniated fertilizers and one dollar for each ton of other fertilizers so sold and delivered in excess, was, by the said corporation defendants and firms so selling and delivering the same, to be paid into a common fund, to be held by the Colonial Development Company, Limited, hereinafter mentioned; from which said fund the said Colonial Development Company, Limited, was to compensate, at the same rates per ton of ammoniated and other fertilizers, such of the said corporation defendants and firms as should sell and deliver less than the amounts so allotted to them respectively, so it were not less than seventy-five per centum thereof during the first year of the continuance of the said unlawful combination and ninety per centum thereof during the second year; it being a further element of the said unlawful combination in this count mentioned that each of the said corporation defendants and of the said firms was also to pay into the said fund the sum of twenty cents for and in respect of each ton of such merchandise going to make up its said allotment, to be absolute property of the said Colonial Development Company, Limited, unless such corporation defendant or firm should, in disposing of its said allotment, in carrying on the said business, trade and commerce, on its part faithfully exercise every reasonable effort and due business diligence to maintain the prices so to be fixed and caused to be fixed as aforesaid, and pay into the said fund the sums accruing to the
52 same on account of its excess sales, in which case an equal amount was to be returned to the corporation defendant or firm so paying it into the said fund.

The terms of sale of the said merchandise by the said several corporation defendants and the said firms, as to times of payment and discounts, were also to be made uniform and non-competitive as between the said corporation defendants and the said firms, in the said business, trade and commerce, among the States last mentioned.

As a convenient intermediary between the said corporation defendants and the said firms, and as a means of securing their cooperation in carrying out the said unlawful combination, the said defendants were to make use of the Colonial Development Company, Limited, a corporation organized under the laws of the Province of Ontario, in the Dominion of Canada; that is to say, the shares of the capital stock of the said Colonial Development Company, Limited, were to be apportioned among the said corporation defendants and

the said firms approximately upon the basis of their said allotments, and such shares were to be sold to them by the said Colonial Development Company, Limited, at the rate of ten dollars per share, and the moneys accruing from such sale were to be held and used by the said Colonial Development Company, Limited, so as to further the object of the said unlawful combination; and the said Colonial Development Company was also to be allowed and required to collect, hold, use and distribute the said fund arising from payments on account of excess sales and from payments of twenty cents per ton as aforesaid.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that each and all of the acts set forth in the said first count of this indictment as being acts by the said several corporation and individual defendants in pursuance and to effect the object of the unlawful conspiracy in that count described, are now here in this count charged to be acts by the said corporation and individual defendants, committed at the same times and places and under the same circumstances and conditions as to knowledge and intent on the part of the said corporation and individual defendants as those in that count specified, but to have been committed in pursuance and to effect the object of the unlawful conspiracy in this count of this indictment mentioned.

And so the grand jurors aforesaid, upon their oath aforesaid, do say, that the said corporation and individual defendants, on the said eighth day of July, in the year of our Lord nineteen hundred and three, at and within the County of Davidson aforesaid, in the said Middle District of Tennessee, in manner and form in this count of this indictment aforesaid, unlawfully did engage in a conspiracy to commit an offense against the said United States: Against
53 the peace and dignity of the said United States; Against the peace and dignity of the said United States, and contrary to the form of the statute in such case made and provided.

Fourth Count.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that on the eighth day of July, in the year nineteen hundred and three, and during the period of time from that day until and on the first day of September, in the year nineteen hundred and five, the several corporations named as defendants in the first count of this indictment were separate and distinct corporations and were severally organized and existing under and authorized by the laws of the several States and of the foreign country therein named in connection with each of them respectively; that the several individuals named as defendants in the said first count were severally officers, managers, agents and attorney of the said corporation defendants and members of the firms named in the said first count in connection with each of them respectively; that the said corporation defendants and firms during said period carried on business in the States of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas and Tennessee, hereinafter called the States of the conspiracy, in their own names

and under and through the several corporate and trade names and through the other corporations named in the said first count in connection with each of them respectively, which said other corporations are hereinafter called subsidiary companies, as wholesale dealers in articles of fertilizer merchandise, in the manner and to the extent set forth in the said first count, and in so carrying on said business, sold and furnished large quantities of such fertilizer merchandise to merchants and consumers located in the said States of the conspiracy, and shipped the same from their respective places of business located at different points in the said States of the conspiracy and the States of Virginia, Illinois and Kentucky, and delivered the same at various points in said States of the conspiracy; that in so carrying on said business said corporation defendants, subsidiary companies and firms severally shipped such merchandise to and delivered the same at such various points of delivery by shipments and deliveries wholly within one and the same State, by shipments from points in one State to and deliveries at points in another State, and by shipments and deliveries between points in the same State, but by way of and partly through another State, and were severally engaged both in local com-
54 merce in such fertilizer merchandise, as aforesaid, and also in commerce in such fertilizer merchandise among the several States of the United States, to wit, among the said several States of the conspiracy and the said States of Virginia, Illinois and Kentucky, within the meaning of the Act of Congress, approved July 2, 1890, and entitled "An Act to protect trade and commerce against unlawful restraints and monopolies;" that the said individual defendants named in the said first count, during said period, in their respective capacities as officers, managers, agents and attorney of the said corporation defendants and members of the said firms named in the said first count in connection with each of them respectively, were engaged in carrying on the aforesaid business and the aforesaid local and interstate commerce for and on behalf of the said corporation defendants and firms, respectively; and that prior to the period aforesaid, the said business and commerce had been carried on independently as between said corporation defendants and firms and in competition each with the other, as it should have continued to be so carried on during said period, and would have been so carried on but for the unlawful conspiracy next in this indictment mentioned.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that during the period aforesaid, at and within the County of Davidson, in the said Middle District of Tennessee, in violation of the provisions of Section one of the said Act of Congress, approved July 2, 1890, the said corporation defendants named in the said first count, to wit, the Virginia-Carolina Chemical Company, Armour and Company, the Acme Manufacturing Company, the Alabama Chemical Company, the Anderson Phosphate and Oil Company, The Ashepoo Fertilizer Company, the Blackshear Manufacturing Company, the Etiwan Fertilizer Company, the Federal Chemical Company of Delaware, the Federal Chemical

Burroughs, A. J. Ives, T. Porter Fleming and T. Garland Tinsley, unlawfully did knowingly and wickedly engage in a conspiracy in restraint of commerce among the several States, to wit, a conspiracy in restraint of the aforesaid commerce in such fertilizer merchandise among the several States aforesaid, whereby the said commerce was restrained by the several means and in the several ways following, that is to say:

By the said defendants from time to time fixing and causing to be fixed a schedule of uniform and non-competitive prices upon such fertilizer merchandise which were maintained and adhered to by the said corporation defendants, subsidiary companies and firms, in carrying on the aforesaid business and local and interstate commerce, in making sales and deliveries of such fertilizer merchandise to merchants and agents buying to sell again at a profit and consumers at the various points of delivery in the said States of the conspiracy, which were prices greatly in excess of those that had prevailed in the said States of the conspiracy prior to the period of such unlawful conspiracy, and greatly in excess of those prices which would have otherwise prevailed in the said States during the period of such unlawful conspiracy, and were therefore unreasonable;

By the said defendants using and causing to be used the following plan and scheme in order to secure adherence to such uniform and non-competitive prices, whereby earnest money was given to secure the maintenance of such prices and compensation was made to those losing volume of business by reason of maintaining such prices, that is to say:

And further, each of the said corporation defendants and firms which faithfully maintained such uniform and non-competitive prices and failed to make sales
56 and deliveries of such merchandise through itself and its subsidiary companies in the said States of the conspiracy in a percentage amount corresponding to its aforesaid tonnage allotment, but sold and delivered through itself and its subsidiary companies a minimum amount thereof required as a guarantee of good faith, received from such common fund, as compensation on account of such short sales, the sum of one and one-half dollars per ton on ammoniated fertilizers and one dollar per ton on other fertilizers, divided in the same ratio as in its total sales, upon the amount by which its sales and deliveries made as aforesaid fell short of the percentage amount of its allotment, as aforesaid; and on the other hand, each of said corporation defendants and firms which through itself and its subsidiary companies made such sales and deliveries of such fertilizer merchandise in excess of its allotted percentage amount as aforesaid, as a penalty upon such excess sales, paid into such common fund like amounts per ton on the said respective kinds of fertilizers, divided in like ratio, upon the amount of such excess sales aforesaid;

86 *Complaint.*

Filed July 14th, 1906.

UNITED STATES OF AMERICA, *Eastern District of Virginia, set:*

On this 14th day of July, A. D. 1906, at the City of Richmond, in the said District, before the Hon. Edmund Waddill, Jr., Judge

of the District Court of the United States of America for the said District, comes Morgan Treat, United States Marshal in and for the said District, and upon his oath complains and says: that he has good cause to believe and does firmly believe that Charles F. Burroughs, of Norfolk, Virginia, stands indicted by the Grand Jury of the Circuit Court of the United States in and for the Middle District of Tennessee, for that the said Charles F. Burroughs on the eighth day of July in the year 1903, and during the period of time from that date until and on the first day of September in the year 1905, being during said period Vice-President of the F. S. Royster Guano Company a corporation existing under and by the laws of the State of Virginia, did in the said Middle District of Tennessee unlawfully engage in a conspiracy in restraint of trade and commerce among the several States of the United States in violation of section one of the Act of Congress approved July 2, 1890, entitled "An Act to protect trade and commerce against unlawful restraints and monopolies," and for that on said eighth day of July, 1903, at and within the County of Davidson, in the said Middle District of Tennessee, in violation of the provisions of section 5440 of the Revised Statutes of the United States, the said Charles F. Burroughs did unlawfully conspire with divers other persons and
87 corporations to commit an offense against the United States, to-wit, the offense of engaging in a combination in restraint of trade and commerce among the several States of the United States, all as more fully set out in an indictment filed in the said Circuit Court of the United States in and for the Middle District of Tennessee on May 25, 1906, in cause No. 963, entitled "The United States *vs.* Virginia-Carolina Chemical Company *et al.*," a certified copy of which indictment is hereto attached and made a part of this complaint; and complainant therefore charges that the said Charles F. Burroughs did commit the said offense against the United States in manner and form as set forth in said indictment.

Complainant furthermore avers upon information and belief that in pursuance of an order of said Circuit Court of the United States for the Middle District of Tennessee a bench warrant has been issued from said Court for the arrest of said Charles F. Burroughs and delivered to the Marshal of said Court, who after due search has returned said warrant "not found" in said Middle District of Tennessee; and that said Charles F. Burroughs is now believed to be within the Eastern District of Virginia, of which District he is a resident.

Wherefore this complainant prays that the said Charles F. Burroughs may be arrested and imprisoned and removed or bailed, as the case may be, for trial before the said Circuit Court of the United States for the Middle District of Tennessee, and further dealt with according to law.

MORGAN TREAT, *Marshal.*

Subscribed and sworn to before me by the above named Morgan Treat the day and year first above written.

EDMUND WADDILL, JR.,
U. S. Dist. Judge.

Morgan, president, Fortesque Whittle, vice-president, Frank B. Dancy and Frank E. Wilcox, managers and agents, of the said Virginia-Carolina Chemical Company, and J. Porter Fleming, vice-president of the said Southern States Phosphate and Fertilizer Company, and T. Garland Tinsley, president and treasurer of the said Tennessee Chemical Company, in their said several capacities as officers, managers, agents, and attorneys of the said corporation defendants and members of the said firms, and on behalf of those corporations and firms, during the period of time in this indictment first aforesaid, did carry on the business aforesaid; that in so carrying on the said business the said defendants, that is to say, the said corporation and individual defendants, did sell and deliver large quantities of the said merchandise within the limits of the said States of the conspiracy from the respective places of business of the said corporation defendants and the said firms, located at different points within those States, to retail dealers in and consumers of such merchandise, in such States respectively, and did also ship large quan-ties of the same from their respective places of business, located in the said States of the conspiracy and also in the States of Virginia, Illinois, and Kentucky, into and through other of the said States than those in which their said places of business were located; that in so carrying on the said business and shipping the said merchandise from one of the said States into and through another or others thereof, the said defendants, during the period

aforesaid, were engaged in trade and commerce among the States of this Union within the meaning of the Act of Congress approved July 2, 1890, and entitled "An Act to protect trade and commerce against unlawful restraints and monopolies."

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that in so carrying on the said business, trade and commerce, the said Virginia-Carolina Chemical Company and the said Samuel T. Morgan, president, Fortesque Whittle, vice-president, Frank B. Dancy and Frank E. Wilcox, managers and agents, and J. Rice Smith, agent and manager, of the said Virginia-Carolina Chemical Company, did make use of and operate a portion of their said business, trade and commerce through each of certain other corporations, to wit, the American Fertilizing Company, of Virginia, the Birmingham Fertilizer Company, of Alabama, the Coweta Fertilizer Company of Georgia, the Georgia Chemical Works, of Georgia, the Navassa Guano Company, of North Carolina, of either the whole or a majority of the capital stock of which said corporations respect-
91 ively the said Virginia-Carolina Chemical Company was the owner; that in so carrying on the said business, trade and commerce, the said Armour and Company and the said Austin B. Carpenter and Charles H. MacDowell, managers and agents, and Charles G. Wilson, attorney and agent, of the said Armour and Company, did make use of and operate all of their said business, trade and commerce through a certain other corporation called the Tuscarora Fertilizer Company, of New Jersey, and a certain trade name, to wit, the trade name of Armour Fertilizer Works; that in so carrying on the said business, trade and commerce, the said Furman Farm Improvement Company and the said firm of A. D. Adair and McCarty Brothers did make use of and operate a portion of their said business trade, and commerce under the trade name of Chickamauga Fertilizer Works; that in so carrying on the said business, trade and commerce, the said Federal Chemical Company, of Delaware, and the said Federal Chemical Company of Kentucky, did make use of, and operate a portion of their said business, trade and commerce through, the names of Century Phosphate Company, Fox Chemical Company, Branch, Globe Fertilizer Company, Branch, and Tennessee Phosphate Company; that in so carrying on the said business, trade and commerce, the said National Fertilizer Company did make use of, and operate a portion of its said business, trade and commerce through, the corporate name of American Guano Company and the trade name of Nashville Guano Company; that in so carrying on the said business, trade and commerce, the said Read Phosphate Company did make use of, and operate a portion of its said business, trade and commerce through the corporate name of Empire Guano Company; that in so carrying on the said business, trade and commerce, the said F. S. Royster Guano Company did make use of, and operate a portion of its said business, trade and commerce through the trade name of Atlantic Chemical Company and the corporate name of Columbia Guano Company; that in so carrying on the said business, trade and commerce, the said Swift and Company did make

use of, and operate the whole of its said business, trade and commerce through, the trade name of Swift Fertilizer Works; and that in so carrying on the said business, trade and commerce, the said Tennessee Chemical Company did make use of, and operate a portion of its said business, trade and commerce through, the trade name of Continental Fertilizer Company.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that of the total volume of such business, trade and commerce then so being carried on by the said defendants and their competitors, the said defendants together had and controlled
92 the principal part, that is to say, ninety per centum thereof; and that because the said corporation defendants and the said firms were in fact separate and distinct from each other, they should have conducted their interstate trade and commerce strictly in competition with each other, during the said period, and then would have so conducted the same but for the unlawful conspiracy in restraint of the said business, trade and commerce in this indictment mentioned.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that the said corporation and individual defendants, during the period aforesaid, at and within the said Middle District of Tennessee, in violation of the provisions of said section one of the said Act of Congress, unlawfully did knowingly engage in a conspiracy in restraint of the said business, trade and commerce, so then being carried on by them in the manner aforesaid, whereby the said business, trade and commerce was restrained in the several ways and by the several means now here set forth and described, that is to say:

Competition as to the prices at which the said merchandise was sold and delivered by the said corporation defendants and the said firms in the said States of the conspiracy, which before the period of time in this indictment first mentioned had existed between the said corporation defendants and the said firms respectively, in the said business, trade and commerce, and which as aforesaid should have continued to exist during the said period, was prevented and destroyed by the said defendant from time to time fixing, and causing to be fixed, uniform and non-competitive prices, by them styled "current, reasonable market prices," for the said merchandise so sold and delivered by the said corporation defendants and the said firms in those States, and selling and delivering, and causing the sale and delivery of, such merchandise, in the said business, trade and commerce, at the prices so fixed and caused to be fixed; which said uniform and non-competitive prices were prices greatly in excess of the prices which but for the said unlawful conspiracy would at such times have prevailed for the said merchandise in the said business, trade and commerce, and were prices therefore unreasonable, and were a tax on the people of the said States of the said conspiracy amounting to a large sum of money, to wit, four million dollars, annually during the continuance of the same.

For and on account of such quantity of the said merchandise as was sold and delivered as aforesaid by any of such corporation de-

fendants or of such firms, in excess of amounts allotted and caused to be allotted to them respectively by the said defendants, the sum of one dollar and fifty cents for each ton of ammoniated fertilizers and one dollar for each ton of other fertilizers so sold and de-
93 livered in excess, was, by the corporation defendants and firms so selling and delivering the same, paid into a common fund, held by the Colonial Development Company, Limited, hereinafter mentioned; from which said fund the said Colonial Development Company, Limited, compensated, at the same rates per ton of ammoniated and other fertilizers, such of the said corporation defendants and firms as sold and delivered less than the amounts so allotted to them respectively, so it was not less than seventy-five per centum thereof during the first year of the continuance of the said unlawful conspiracy and ninety per centum thereof during the second year; it being a further element of the said unlawful conspiracy that each of the said corporation defendants and of the said firms also paid into the said fund the sum of twenty cents for and in respect of each ton of such merchandise going to make up its said allotment, to be the absolute property of the said Colonial Development Company, Limited, unless such corporation defendant or firm, in disposing of its said allotment in carrying on the said business, trade and commerce, on its part faithfully should exercise every reasonable effort and due business diligence to maintain the prices so fixed and caused to be fixed as aforesaid, and pay into the said fund the sums accruing to the same on account of its said excess sales, in which case an equal amount was returned to the corporation defendant or firm so paying it into the said fund.

The terms of sale of the said merchandise by the said several corporation defendants and the said firms, as to times of payment and discounts, were also made uniform and non-competitive as between all of the said corporation defendants and the said firms, in the said business, trade and commerce, among the said States of the conspiracy.

SECOND COUNT.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that before and on the eighth day of July, in the year nineteen hundred and three, and during the period of time from that day until and on the first day of September, in the year nineteen hundred and five, the several corporation and individual defendants and the said firms named in the first count of this indictment, in the places and in the manner and under the circumstances in that count set forth, did carry on the business, trade and commerce in the first count described, and were so engaged in trade and commerce among the States of this Union, within the meaning of the said Act of Congress approved July 2, 1890, and entitled "An Act to protect trade and commerce against unlawful restraints and monopolies."

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that the said corporation and individual defendants, during the period aforesaid, to wit, on the eighth day of July, in the year of our Lord, nineteen hundred and three at and within the County of Davidson, in the said Middle District of Tennessee, in violation of the provisions of section one of the said Act of Congress, unlawfully did knowingly and wickedly conspire together and with divers other corporations and persons to the grand jurors unknown, and engage in a conspiracy, among themselves and with such other

unknown corporations and persons, in restraint of the said business, trade and commerce so then being carried on by them in the manner aforesaid; which said unlawful conspiracy in this count mentioned then and there was a conspiracy for restraining the said business, trade and commerce in the several ways and by the several means now here set forth and described; that is to say:

Competition as to the prices at which the said merchandise was to be sold and delivered by the said corporation defendants and the said firms in the States of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas and Tennessee aforesaid, which before the period of time in this count first mentioned had existed between the said corporation defendants and the said firms respectively, in the said business, trade and commerce, and which as aforesaid should have continued to exist during the said period, was to be prevented and destroyed by the said defendants from time to time fixing and causing to be fixed, uniform and non-competitive prices, by them to be styled "current, reason-
113 able market prices," for the said merchandise so to be sold and delivered by the said corporation defendants and the said firms in the States last named, and selling and delivering, and causing the sale and delivery of, such merchandise, in the said business, trade and commerce, at the prices so to be fixed and caused to be fixed; which said uniform and non-competitive prices were to be prices greatly in excess of the prices which but for the said unlawful conspiracy last aforesaid would at such times prevail for the said merchandise in the said business, trade and commerce, and were to be prices therefore unreasonable, and were to be a tax on the people of the said States amounting to a large sum of money, to-wit, four million dollars, annually during the continuance of the said unlawful conspiracy.

For and on account of such quantity of the said merchandise as should be sold and delivered as aforesaid by any of such corporation defendants or of such firms, in excess of amounts to be allotted and caused to be allotted to them respectively by the said defendants, the sum of one dollar and fifty cents for each ton of ammoniated fertilizers and one dollar for each ton of other fertilizers so sold and delivered in excess, was, by the said corporation defendants and firms so selling and delivering the same, to be paid into a common fund, to be held by the Colonial Development Company, Limited, hereinafter mentioned; from which said fund the said Colonial Development Company, Limited, was to compensate, at the same rates per ton of ammoniated and other fertilizers, such of the said corporation defendants and firms as should sell and deliver less than the amounts so allotted to them respectively, so it were not less than seventy-five per centum ther-of during the first year of the continuance of the said unlawful conspiracy and ninety per centum thereof during the second year; it being a further element of the said unlawful conspiracy in this count mentioned that each of the said corporation defendants and of the said firms was also to pay into the said fund the sum of twenty cents for and in respect of each ton of such merchandise going to make up its said allotment, to be the

absolute property of the said Colonial Development Company, Limited, unless such corporation defendant or firm should, in disposing of its said allotment, in carrying on the said business, trade and commerce, on its part faithfully exercise every reasonable effort and due business diligence to maintain the prices so to be fixed and caused to be fixed as aforesaid, and pay into the said fund the sums accruing to the same on account of its excess sales, in which case an equal amount was to be returned to the corporation defendant or firm so paying it into the said fund.

The terms of sale of the said merchandise by the said several corporation defendants and the said firms, as to times of pay-
114 ment and discounts, were also to be made uniform and non-competitive as between the said corporation defendants and the said firms, in the said business, trade and commerce, among the States last mentioned.

As a convenient intermediary between the said corporation defendants and the said firms, and as a means of securing their cooperation in carrying out the said unlawful conspiracy, the said defendants were to make use of the Colonial Development Company, Limited, a corporation organized under the laws of the Province of Ontario, in the Dominion of Canada; that is to say, the shares of the capital stock of the said Colonial Development Company, Limited, were to be apportioned among the said corporation defendants and the said firms approximately upon the basis of their said allotments, and such shares were to be sold to them by the said Colonial Development Company, Limited, at the rate of ten dollars per share, and the moneys accruing from such sale were to be held and used by the said Colonial Development Company, Limited, so as to further the object of the said unlawful conspiracy; and the said Colonial Development Company was also to be allowed and required to collect, hold, use and distribute the said fund arising from payments on account of excess sales and from payments of twenty cents per ton as aforesaid.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that each and all of the acts set forth in the said first count of this indictment as being acts by the said several corporation and individual defendants in pursuance and to effect the object of the unlawful conspiracy in that count described, and as being acts on the part of the said corporation and individual defendants respectively of engaging in that conspiracy, are now here in this count charged to be acts by the same corporation and individual defendants, committed at the same times and places and under the same circumstances and conditions as to knowledge and intent on the part of the said corporation and individual defendants as those in that count specified, but to have been committed in pursuance and to effect the object of the unlawful conspiracy in this count of this indictment mentioned, and to have been acts on the part of the said corporation and individual defendants respectively of engaging in the last-named unlawful conspiracy.

And so the grand jurors aforesaid, upon their oath aforesaid, do say, that the said corporation and individual defendants, on the

said eighth day of July, in the year of our Lord nineteen hundred and three, at and within the County of Davidson aforesaid, in the said Middle District of Tennessee, in manner and form in this count of this indictment aforesaid, unlawfully did engage in a conspiracy in restraint of trade and commerce among the several States;
115 against the peace and dignity of the said United States, and contrary to the form of the statute of the same in such case made and provided.

THIRD COUNT.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that before and on the eighth day of July, in the year nineteen hundred and three, and during the period of time from that day until and on the first day of September, in the year nineteen hundred and five, the several corporation and individual defendants and the said firms named in the first count of this indictment, in the places and in the manner and under the circumstances in that count set forth, did carry on the business, trade and commerce in the said first count described, and so were engaged in trade and commerce among the States of this Union, within the meaning of the said Act of Congress approved July 2, 1890, and entitled "An Act to protect trade and commerce against unlawful restraints and monopolies."

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that the said corporation and individual defendants, during the period aforesaid, to wit, on the eighth day of July, in the year of our Lord nineteen hundred and three, at and within the County of Davidson, in the said Middle District of Tennessee, in violation of the provisions of section 5440 of the Revised Statutes of the said United States, unlawfully did knowingly and wickedly conspire together, and with divers other corporations and persons to the said grand jurors unknown, to commit an offense against the said United States, to wit, the offense of engaging in a combination, among themselves and with such other unknown corporations and persons, in restraint of the said business, trade and commerce so then being carried on by them in the manner aforesaid, which said unlawful conspiracy in this count mentioned then and there was a conspiracy to engage in a combination for restraining the said business, trade and commerce in the several ways and by the several means now here set forth and described that is to say:

Competition as to the prices at which the said merchandise was to be sold and delivered by the said corporation defendants and the said firms in the States of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas and Tennessee aforesaid, which before the period of time in this count first mentioned had existed between the said corporation defendants and the said firms respectively, in the said business, trade and com-
116 merce, and which as aforesaid should have continued to exist during the said period, was to be prevented and destroyed by the said defendants from time to time fixing, and causing to be fixed, uniform and non-competitive prices, by them to be styled "current,

reasonable market prices," for the said merchandise so to be sold and delivered by the said corporation defendants and the said firms in the States last named, and selling and delivering, and causing the sale and delivery of, such merchandise, in the said business, trade and commerce, at the prices so to be fixed and caused to be fixed; which said uniform and non-competitive prices were to be prices greatly in excess of the prices which but for the said unlawful conspiracy last aforesaid would at such time prevail for the said merchandise in the said business, trade and commerce, and were to be prices therefore unreasonable, and were to be a tax on the people of the said States amounting to a large sum of money, to-wit, four million dollars, annually during the continuance of the said unlawful conspiracy.

For and on account of such quantity of the said merchandise as should be sold and delivered as aforesaid by any of such corporation defendants or of such firms, in excess of amounts to be allotted and caused to be allotted to them respectively by the said defendants, the sum of one dollar and fifty cents for each ton of ammoniated fertilizers and one dollar for each ton of other fertilizers so sold and delivered in excess, was, by the said corporation defendants and firms so selling and delivering the same, to be paid into a common fund, to be held by the Colonial Development Company, Limited, hereinafter mentioned; from which said fund the said Colonial Development Company, Limited, was to compensate, at the same rates per ton of ammoniated and other fertilizers, such of the said corporation defendants and firms as should sell and deliver less than the amounts so allotted to them respectively, so it were not less than seventy-five per centum thereof during the first year of the continuance of the said unlawful combination and ninety per centum thereof during the second year; it being a further element of the said unlawful combination in this count mentioned that each of the said corporation defendants and of the said firms was also to pay into the said fund the sum of twenty cents for and in respect of each ton of such merchandise going to make up its said allotment, to be — absolute property of the said Colonial Development Company, Limited, unless such corporation defendant or firm should, in disposing of its said allotment, in carrying on the said business, trade and commerce, on its part faithfully exercise every reasonable effort and due business diligence to maintain the prices so to be fixed and caused to be fixed as aforesaid, and pay into the said fund the sums accruing to the same on account of its excess sales, in which
117 case an equal amount was to be returned to the corporation defendant or firm so paying it into the said fund.

The terms of sale of the said merchandise by the said several corporation defendants and the said firms, as to times of payment and discounts, were also to be made uniform and non-competitive as between the said corporation defendants and the said firms, in the said business, trade and commerce, among the States last mentioned.

As a convenient intermediary between the said corporation defendants and the said firms, and as a means of securing their cooperation in carrying out the said unlawful combination, the said

defendants were to make use of the Colonial Development Company, Limited, a corporation organized under the laws of the Province of Ontario, in the Dominion of Canada; that is to say, the shares of the capital stock of the said Colonial Development Company, Limited, were to be apportioned among the said corporation defendants and the said firms approximately upon the basis of their said allotments, and such shares were to be sold to them by the said Colonial Development Company, Limited, at the rate of ten dollars per share, and the moneys accruing from such sale were to be held and used by the said Colonial Development Company, Limited, so as to further the object of the said unlawful combination; and the said Colonial Development Company was also to be allowed and required to collect, hold, use and distribute the said fund arising from payments on account of excess sales and from payments of twenty cents per ton as aforesaid.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that each and all of the acts set forth in the said first count of this indictment as being acts by the said several corporation and individual defendants in pursuance and to effect the object of the unlawful conspiracy in that count described, are now here in this count charged to be acts by the said corporation and individual defendants, committed at the same times and places and under the same circumstances and conditions as to knowledge and intent on the part of the said corporation and individual defendants as those in that count specified, but to have been committed in pursuance and to effect the object of the unlawful conspiracy in this count of this indictment mentioned.

And so the grand jurors aforesaid, upon their oath aforesaid, do say, that the said corporation and individual defendants, on the said eighth day of July, in the year of our Lord nineteen hundred and three, at and within the County of Davidson aforesaid, in the said Middle District of Tennessee, in manner and form in this count of this indictment aforesaid, unlawfully did engage in a con-

Garland Tinsley, unlawfully did knowingly and wickedly engage in a conspiracy in restraint of commerce among the several States, to wit, a conspiracy in restraint of the aforesaid commerce in such fertilizer merchandise among the several States aforesaid, whereby the said commerce was restrained by the several means and in the several ways following, that is to say:

By the said defendants from time to time fixing and causing to be fixed a schedule of uniform and non-competitive prices upon such fertilizer merchandise which were maintained and adhered to by the said corporation defendants, subsidiary companies and firms, in carrying on the aforesaid business and local and interstate commerce, in making sales and deliveries of such fertilizer merchandise to merchants and agents buying to sell again at a profit and consumers at the various points of delivery in the said States of the conspiracy, which were prices greatly in excess of those that had prevailed in the said States of the conspiracy prior to the period of such unlawful conspiracy, and greatly in excess of those prices which would have otherwise prevailed in the said States during the period of such unlawful conspiracy, and were therefore unreasonable;

By the said defendants using and causing to be used the following plan and scheme in order to secure adherence to such uniform and non-competitive prices, whereby earnest money was given to secure the maintenance of such prices and compensation was made to those losing volume of business by reason of maintaining such prices, that is to say:

defendants and firms an amount of tonnage of sales and deliveries of such fertilizer merchandise in said States of the conspiracy in respect to itself and its subsidiary companies, and each of said corporations defendants and firms paid into a common fund the sum of twenty cents a ton on such allotment as earnest money to secure both its adherence to such uniform and non-competitive prices and the payment of any sums becoming due from it on account of excess sales as hereinafter set forth. And further, each of the said corporation defendants and firms which faithfully maintained such uniform and non-competitive prices and failed to make sales
121 and deliveries of such merchandise through itself and its subsidiary companies in the said States of the conspiracy in a percentage amount corresponding to its aforesaid tonnage allotment, but sold and delivered through itself and its subsidiary companies a minimum amount thereof required as a guarantee of good faith, received from such common fund, as compensation on account of such short sales, the sum of one and one-half dollars per ton on ammoniated fertilizers and one dollar per ton on other fertilizers, divided in the same ratio as in its total sales, upon the amount by which its sales and deliveries made as aforesaid fell short of the percentage amount of its allotment, as aforesaid; and on the other hand, each of said corporation defendants and firms which through itself and its subsidiary companies made such sales and deliveries of such fertilizer merchandise in excess of its allotted percentage amount as aforesaid, as a penalty upon such excess sales, paid into such common fund like amounts per ton on the said respective kinds of fertilizers, divided in like ratio, upon the amount of such excess sales aforesaid;

By using and causing to be used as a chief means whereby said unlawful conspiracy was effected, a corporation of Ontario, Canada, whose stock was apportioned among the said corporation defendants and firms and paid for by them at ten dollars a share; whose treasury was the common fund aforesaid into which was paid the earnest money and penalties on excess sales aforesaid, and from which was paid the compensation on account of short sales aforesaid; and which said Colonial Development Company, Limited, was used as a general intermediary and common agent of the said defendants in carrying out said unlawful conspiracy and the chief instrumentality, mechanism and device by and through which the same was operated and directed.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that during the period aforesaid, to wit, on the eighth day of July in the year of our Lord nineteen hundred and three, at and within the County of Davidson, in the said Middle District of Tennessee, in violation of the provisions of Section 5440 of the Revised Statutes of the United States, the said corporation defendants named in the said first count, to wit, the Virginia-Carolina Chemical Company, Armour and Company, the Acme Manufacturing Company, the Alabama Chemical Company, the Anderson Phosphate and Oil Company, the Ashepoo Fertilizer Company, the Blackshear Manufacturing Company, the Etiwan Fertilizer Company, the Federal Chemical Company, of Delaware, the Federal Chemical Company, of Kentucky, the Furman Farm Improvement Company, the Goulding Fertilizer Company, Limited, the Goulding Fertilizer Company, the Gulfport Cotton Oil, Fertilizer and Manufacturing Company, the Home Mixture Guano Company, the Jackson Fertilizer Company, the Marietta Fertilizer Company, the Meridian Fertilizer Factory, the National Fertilizer Company, the New Orleans Acid and Fertilizer Company, the Old Dominion Guano Company, the Planters Chemical Company, the Read Phosphate Company, the F. ter, Charles F. Burroughs, A. J. Ives, T. Porter Fleming and T. Garland Tinsley, unlawfully did knowingly and wickedly conspire together and with divers other corporations and persons to the said grand jurors unknown, to commit an offense against the United States, to wit, to engage in a combination in restraint of commerce among the several States, namely, a combination in restraint of the aforesaid commerce in such fertilizer merchandise among the several States aforesaid, and did then and there so conspire to commit the aforesaid offense by the several means and in the several ways following, that is to say:

By the said defendants from time to time fixing and causing to be fixed a schedule of uniform and non-competitive prices upon such fertilizer merchandise to be maintained and adhered to by the said corporation defendants, subsidiary companies and firms, in carrying on the aforesaid business and local and interstate commerce, in making sales and deliveries of such fertilizer merchandise to merchants and agents buying to sell again at a profit and consumers at the various points of delivery in the said States of the conspiracy, which were to be prices greatly in excess of those that had prevailed in the said States of the conspiracy prior to the date upon which said defendants conspired as aforesaid, and greatly in excess of those prices which would have thereafter prevailed in the said States but for such unlawful conspiracy; and were to be therefore unreasonable;

By the said defendants using and causing to be used the following plan and scheme in order to secure adherence to such uniform and non-competitive prices, whereby money penalties were to be paid for the violation of such prices and compensation was to be made to those losing volume of business by reason of maintaining such prices; that is to say:

There was to be allotted to each of said corporation defendants and firms from time to time a certain tonnage of sales and deliveries of such fertilizer merchandise in said States of the conspiracy in respect to itself and its subsidiary companies, and each of said corporation defendants and firms was to pay into a common fund the sum of twenty cents a ton on such allotment as earnest money to secure both its adherence to such uniform and non-competitive prices and the payment of any sum to become due from it on account of excess sales as hereinafter set forth. And further, each of the said corporation defendants and firms which should faithfully maintain such uniform and non-competitive prices and should fail to
138 make sales and deliveries of such merchandise through itself and its subsidiary — amount corresponding to its aforesaid tonnage allotment, but should sell and deliver through itself and its subsidiary companies a minimum amount thereof to be required as a guarantee of good faith, should receive from such common fund, as compensation on account of such short sales, the sum of one and one-half dollars per ton on ammoniated fertilizers and one dollar per ton on other fertilizers, to be divided in the same ratio as in its total sales, upon the amount by which its sales and deliveries made as aforesaid should fall short of the percentage amount of its allotment, as aforesaid; and on the other hand, each of said corporation

defendants and firms which, through itself and its subsidiary companies, should make such sales and deliveries of such fertilizer merchandise in excess of its allotted percentage amount as aforesaid, should as a penalty upon such excess sales, pay into such common fund like amounts per ton on the said respective kinds of fertilizers, to be divided in like ratio, upon the amount of such excess sales aforesaid;

By using and causing to be used as a chief means of effecting said unlawful conspiracy, a corporation of Ontario, Canada, whose stock was to be apportioned among the said corporation defendants and firms and paid for by them at ten dollars a share; whose treasury was to be the common fund aforesaid into which was to be paid the earnest money and penalties on excess sales aforesaid, and from which was to be paid the compensation on account of short sales aforesaid; and which said Colonial Development Company, Limited, was to be used as a general intermediary and common agent of the said defendants in carrying out said unlawful conspiracy and the chief instrumentality, mechanism and device by and through which such unlawful combination was to be operated and directed.

And the grand jurors aforesaid, upon their oath aforesaid, do further present, that after the date of said unlawful conspiracy in this count of this indictment mentioned, and within the period aforesaid, the corporation defendants and individual defendants hereinafter named did, in pursuance of said unlawful conspiracy in this count mentioned and to effect the object of the same, do and perform the acts hereinafter set forth in connection with each of them respectively, at the several times and places and in the manner hereinafter set forth in connection with each of them respectively, and that each of such defendants at the time and place when and where such defendant did and performed the acts hereinafter so set forth in connection with such defendant respectively, then and there well knew the character of such act and that

Upon the exhibition of this Indictment and affidavit and the *ex parte* motion of the counsel for the United States I made an order for the arrest of said Charles F. Burroughs and his production before me.

This order was duly executed by the said Marshal, who arrested the said Chas. F. Burroughs and brought him before me in Richmond on this 14th day of July, 1906, as shown by his return. When the accused was so brought before me it was moved by the counsel for the United States that inasmuch as the indictment charged offenses against the United States triable in the Circuit Court of said United States for the Middle District of Tennessee, and the identity of the defendant was admitted, that an order be forthwith made for the commitment of said Chas. F. Burroughs for trial before said Circuit Court.

This motion was made upon the certified copy of the Indictment without any further testimony, the identity of the party arrested and brought before me as the Chas. F. Burroughs mentioned in the Indictment being admitted.

And thereupon the defendant Chas. F. Burroughs offered himself as witness in his own behalf, and being about to be sworn, the United States, by its Counsel, thereupon objected to the witness being sworn, or to any testimony being given in rebuttal of the indictment in these proceedings on the ground that the identity of the defendant being admitted, inasmuch as the indictment on its face charges offenses against the United States committed and triable in the jurisdiction in which the defendant stands indicted, no evidence is admissible here to impeach the indictment, and the order of commitment, should be made without further proof.

The Defendant's counsel thereupon offered to prove by the defendant and other witnesses then and there present, that the
152 Circuit Court for the Middle District of Tennessee had no jurisdiction over the person of said defendant touching the offense charged in said indictment, in that defendant and said other witnesses would, if permitted, testify that said Charles F. Burroughs has not been within the State of Tennessee for the period of seven years next preceding the 14th day of July, 1906, and neither has he through himself or through any agent nor has any firm or corporation in which the said Burroughs is interested ever done any business of any kind in the State of Tennessee within seven years next preceding said 14th day of July, 1906, except to purchase

phosphate rock from the owners of mines in Tennessee and that he has never at any time made, entered into or engaged in any of the conspiracies mentioned in the said indictment or any other conspiracy within the Middle District of Tennessee, nor did he by or through any agent or agents, attorney or attorneys do or attempt to do within the said Middle District of Tennessee any of the matters and things alleged and aver-ed in said indictment to have been done by him and the other defendants named therein nor did he personally or by or through any agent or attorney join in or assent to said alleged conspiracies or any of them in the Middle District of Tennessee or at any time or any place do any act in furtherance thereof or to effect the objects of said alleged conspiracies or any of them in the Middle District of Tennessee. Nor has the defendant done, or performed, or been engaged in, or a party to the same, or any of them, in any other place or places, at any other time or times whatsoever in the said District.

Thereupon counsel for the Government renewed its objections as aforesaid.

After hearing counsel on both sides, the Court announced its conclusions as follows:—

"The conclusion reached by the Court is that in a proceeding for the arrest and removal of persons charged with a violation of
153 law of the United States pursuant to section 1014 of the Revised Statutes of the United States, before a United States District Judge, sitting in the State of Virginia, in which State there no longer exists the right of a preliminary examination upon a crime charged prior to the trial upon the merits, when said Judge is called upon to act as well in the matter of the apprehension of such persons, as in their removal to the jurisdiction in which they have been indicted, that upon the Government's presentation of a sufficient indictment regularly found by a grand jury in a court of the United States, properly charging the commission of an offense within the district in which such indictment is found, coupled with proof of the identity of the person indicted, it is its duty to properly bail such person for appearance before the court in which he is indicted, or cause him to be removed thereto."

Therefore, it was ordered that the testimony offered is inadmissible, and will not be received, and I therefore made the following order:

UNITED STATES OF AMERICA, *Eastern District of Virginia, sct:*

The within named Charles F. Burroughs having been brought before me, and identified; and it appearing by a duly authenticated copy of the indictment that he stands indicted in the Circuit Court of the United States for the Middle District of Tennessee in cause No. 963 in said Court entitled "The United States *vs.* Virginia-Carolina Chemical Company *et al.,*" for violation of section one of the act of Congress approved July 2, 1890, entitled "An Act to protect trade and commerce against unlawful restraints and monopolies" and for

violation of section 5440 of the Revised Statutes of the United
154 States, it is ordered that the said Charles F. Burroughs give bail in the sum of five thousand dollars with one or more sufficient sureties for his appearance before the said Circuit Court of the United States for the Middle District of Tennessee for trial before said court under the said indictment; or that in default thereof he be imprisoned for seasonable removal to the said Middle District of Tennessee, to be there dealt with according to law.

Richmond, Va., July 14th, 1906.

EDMUND WADDILL, JR.,
U. S. District Judge for the Eastern District of Virginia.

And after said order had been made and the defendant declined to give bond, the Counsel for the United States moved that the warrant do issue directed to the Marshal of this District for the imprisonment and removal of the said Charles F. Burroughs to the Middle District of Tennessee, and his delivery to the custody of the United States Marshal of that district.

On such motion counsel for the said Charles F. Burroughs objected and again offered the said Chas. F. Burroughs as witness, together with the other witnesses herebefore referred to, to establish the same matters and facts as hereinbefore stated with regard to the objection to the order for the commitment of the said Chas. F. Burroughs which testimony was again offered and was again objected to by the counsel for the United States on the same grounds as above set forth, and on the further ground that these matters could not now be inquired of in this stage of the proceedings, and was again excluded by the Court, to all of which counsel for the said Chas. F. Burroughs duly excepted and had the exceptions noted and entered.

I therefore issued a warrant directed to the Marshal as follows:

EDMUND WADDILL, JR.,
U. S. Dist. Judge.

158 *Conclusions of the Court.*

Filed July 14th, 1906.

In the United States Circuit Court for the Eastern District of Virginia.

In the Matter of the Petition of CHARLES F. BURROUGHS for Writs of *Habeas Corpus* and Certiorari.

CHARLES F. BURROUGHS, Petitioner,
versus
MORGAN TREAT, United States Marshal in and for the Eastern District of Virginia, and Honorable EDMUND WADDILL, JR., United States District Judge for the Eastern District of Virginia, Respondents.

Petitioner alleges that he is unlawfully deprived of his liberty. He prays that by virtue of the writ of *Habeas Corpus*, he may be discharged from custody. I find from the petition, from its exhibits, and from respondent's reply that petitioner has been committed to the Marshal of the Eastern District of Virginia by an order of the United States District Judge of that District, with directions to remove petitioner to the Middle District of Tennessee, in order that he may be there tried on an indictment in which he with others, is charged with a violation of the laws of the United States. The proceedings so resulting were conducted under the provisions of section 1014 of the Revised Statutes of the United States. The Judge so hearing the matter, and so issuing said order of removal, acted in conformity with like proceedings, as provided for in criminal actions in the state of Virginia, in which state petitioner resides, and where the application for his removal was made.

On the hearing of this petition, I am asked to permit peti-
159 tioner to offer testimony, the object of which is to show that probable cause does not exist as to petitioner's guilt of the offense of which he is charged; that he was not within the limits of the jurisdiction of the Middle District of Tennessee when said offense is alleged to have been committed; and testimony tending to show that he is innocent of the charge alleged in the indictment returned against him. Petitioner insists that he should not be removed to said Middle District of Tennessee for trial, but should be discharged from arrest. Should I, on this hearing, permit such testimony? I find from the record before me, that the indictment charges conspiracy; that it is alleged therein that petitioner with

others, did in the Middle District of Tennessee, conspire to commit an offense against the laws of the United States. The indictment, in my judgment, sufficiently sets forth such offense. I find that it is in due form, and that it charges a crime; that it alleges a conspiracy such as is prohibited by the laws of the United States; and that an overt act, as described in the statute is charged as having taken place in the Middle District of Tennessee. Such being the charge, I am of the opinion, under the law applicable thereto, that the personal presence of petitioner in said jurisdiction was not essential; and that he can be lawfully proceeded against in that district; and if the allegations set out in the indictment are sustained by competent evidence, that a conviction there can be upheld.

If such be the case, does it not follow that the testimony offered by the petitioner is immaterial? The indictment charges the commission of a crime; alleges that the petitioner with others committed it; and the laws authorizes his conviction in the district to which he has been ordered removed, if an overt act in pursuance of
160 said conspiracy was committed there. Technical objections to said indictment should not be considered by me on this hearing; they should only be heard by the court in which the indictment was returned.

While it is true that the order to remove for trial should only be issued in cases where probable cause has been shown, it is equally true that a certified copy of the indictment, with proof of the identity of the party accused, has been in a number of well considered cases, held to establish probable cause, and to authorize the warrant of removal. It must be conceded that the authorities are conflicting; but to my mind the path we should follow has been plainly indicated by the opinions of that great tribunal, whose mandates we all obey, whose judgments are the supreme law of the land. In Beavers *v.* Hanckel, 194 U. S., 73, the case rested on the efficacy of the indictment; for no other evidence of guilt was offered. The indictment was held to be *prima facie* evidence of the existence of probable cause. It satisfied the requirements of the constitution, and the laws made thereunder. Why should not the indictment in the case we now have under consideration serve the same purpose? The testimony tendered is, as I understand this case, immaterial, and the identity of the accused is admitted. His guilt or innocence is not to be ascertained by testimony offered in this jurisdiction, in connection with questions involved in the proceedings relating to the warrant of removal, or this writ of *habeas corpus*. That matter must go to the jury impaneled by the court in which the indictment was returned. To hold otherwise would result in inextricable confusion, and to discharge the petitioner on the showing now made, would tend to impede the due administration of justice; and can
161 only be done, in my opinion, by a strained construction of the statutes.

The writ will be dismissed, and petitioner will be remanded to the custody of the Marshal.

U. S. Circuit Judge.

Order Dismissing Petition and Discharging Writ of Habeas Corpus and Allowing Appeal.

Filed July 14th, 1906.

In the Circuit Court of the United States for the Eastern District of Virginia.

In the Matter of the Petition of CHARLES F. BURROUGHS for Writs of *Habeas Corpus* and Certiorari.

CHARLES F. BURROUGHS, Petitioner,
versus
MORGAN TREAT, United States Marshal in and for the Eastern District of Virginia, and Honorable EDMUND WADDILL, JR., United States District Judge for the Eastern District of Virginia, Respondents.

This cause was on this, the 14th day of July, 1906, heard before the Honorable, the Circuit Court of the United States for the Eastern District of Virginia, the Honorable Nathan Goff, Circuit Court Judge, presiding, upon the petition of said Charles F. Burroughs in this cause and the return of the Marshal, the defendant,
162 thereto, and the return of the District Judge of the Eastern District of Virginia (by agreement the copy of the findings and order of said District Judge being here now taken as his return to said writ of certiorari, and the motion of the petitioner, by his counsel, hereinafter mentioned.

The petition and the return of the Marshal thereto were read, and thereupon the petitioner presented himself as a witness and his counsel moved the Court that he be sworn in order to testify as such, and as such witness to prove the facts averred and set forth in said petition, which facts were then and there repeated and restated to the Court; and his counsel then also stated that the said witness, and other persons then present as witnesses, would testify and prove that the said facts set forth and averred in the petition and exhibits, and repeated by him to the Court, were true.

Thereupon the Honorable Edward T. Sanford, Special Counsel representing the United States, and also the defendant Marshal, objected to the swearing of the said petitioner as a witness and also to the admission of said evidence, upon the ground that said evidence was immaterial and irrelevant, and that it was not allowable to contradict or transverse by evidence in this Court the averments of the indictment which had been found against the petitioner in the Circuit Court of the United States for the Middle District of Tennessee, and that there was no error in the action of the District Judge. The objection so made was sustained, and the witness not allowed to be sworn nor allowed to testify to the facts above stated, to which action of the Court the petitioner then and there excepted.

Thereupon it was ordered and adjudged by the said Court
163 that the petition be dismissed and the writ of *habeas corpus* heretofore issued in this cause upon the said petition be and the same is hereby dismissed and discharged; and that the said Charles F. Burroughs be remanded to the custody of said Morgan Treat, U. S. Marshal, for the Eastern District of Virginia, to be dealt with by him according to the directions of the writ of the process under which he had custody of the said Charles F. Burroughs.

Thereupon, the petitioner presented his petition, setting forth that he was aggrieved by the said order dismissing the said writ of *habeas corpus,* and praying that he be allowed to prosecute an appeal from said final order or judgment, to the Supreme Court of the United States under and according to the law of the United States in that behalf made together with his assignment of error in that behalf which appeal is allowed; and the petitioner having been allowed and the said appeal being hereby granted, the petitioner, by his counsel, thereupon moved the Court that he be enlarged or admitted to bail pending the decision of his said case upon said appeal; and thereupon it was accordingly ordered that the said petitioner and appellant be, and he is hereby enlarged upon his bond and admitted to bail, pending the said appeal to the Supreme Court of the United States; said bond to be in the penal sum of $5,000.00, to be taken and approved by the Clerk of this Court and conditioned for the said petitioner and appellant to appear before this Court to abide such order as shall be made by this Court upon the mandate of the Supreme Court of the United States upon the determination of petitioner's said appeal; and upon the execution by the said Charles F. Burroughs of such bond, with surety or sureties, to be approved by the Clerk of this Court, he will be enlarged and admitted to bail. The Clerk will take as surety any satis-
164 factory guaranty company.

The opinion of the Court in dismissing the petition and discharging the writ of *habeas corpus* is made part of the record herein and will be copied by the Clerk in the transcript on appeal.

U. S. Circuit Judge.

In the Matter of the Petition of CHARLES F. BURROUGHS for Writs of *Habeas Corpus* and Certiorari.

CHARLES F. BURROUGHS, Petitioner,
versus
MORGAN TREAT, United States Marshal in and for the Eastern District of Virginia, and Honorable EDMUND WADDILL, JR., United States District Judge for the Eastern District of Virginia, Respondents.

We, as principal, and American Surety Company of New York a guaranty and surety company, organized and existing under the laws of the State of New York, with power and authority to become surety for principals in appearance bonds, jointly and severally acknowledge ourselves to owe and to be bound to the United States of America in the penal sum of Five Thousand Dollars ($5,000.00), severally to be made and levied of our goods, chattels, lands and tenements, if default be made herein.

165

The condition of this obligation is as follows: Whereas the said Charles F. Burroughs, being detained in the custody of Morgan Treat, United States Marshal for the Eastern District of Virginia, under commitment and warrant of removal to the Circuit Court of the United States for the Middle District of Tennessee, granted by the Honorable Edmund Waddill, Jr., Judge of the District Court for the Eastern District of Virginia, presented his petition for and sued out a writ of *habeas corpus* from the Circuit Court of the United States for the Eastern District of Virginia, and the said writ of *habeas corpus* duly issued to the said Treat, Marshal, and he made his return thereto; and the said matter of *habeas corpus* came on for hearing before the said Circuit Court of the United States for the Eastern District of Virginia, on the 14th day of July, 1906, when by order thereof the said petition was dismissed and the said writ of *habeas corpus* discharged, and the said Charles F. Burroughs remanded to the custody of the said Morgan Treat, Marshal, to be proceeded with as provided by law; and

Whereas, from the said final order dismissing the said petition and writ of *habeas corpus*, the said Charles F. Burroughs prayed an appeal to the Supreme Court of the United States, which was granted and said appeal perfected; and

Whereas, the said Circuit Court of the United States allow- said appeal, ordered that pending said appeal the said Charles F. Burroughs upon the execution of a bond in the penal sum of Five Thousand Dollars ($5,000.00), conditioned as by said order was provided, might be enlarged and admitted to bail;

166

Now, therefore, in compliance therewith, and in order to be so enlarged, the said Charles F. Burroughs as principal, and the said American Surety Company of New York, as surety, execute this bond upon the condition that, if the said Charles F. Burroughs shall duly personally appear in and before the Circuit Court of the United States for the Eastern District of Virginia, then and there to answer the exigency and determination of said appeal, and personally abide the final decision and determination of the said Supreme Court of the United States and of the said Circuit Court of the United States, upon the mandate of the said Supreme Court of the United States, and obey and abide the orders of said Circuit Court of the United States, and not depart without leave upon the conditions aforesaid, and upon the entry of said orders upon said appeal, then and in that event this bond or obligation shall be void; but otherwise it shall be and remain in full force and effect.

In witness whereof, the said Charles F. Burroughs as principal, and the said American Surety Company of New York as surety, the said surety being represented by and through Robert Le Masurier, its duly authorized agent and attorney, have hereunto on this 14th day of July, 1906, set their hands.

168 *Petition for Appeal.*

Filed July 14th, 1906.

In the Circuit Court of the United States, Eastern District of Virginia.

In the Matter of the Petition of CHARLES F. BURROUGHS for Writs of *Habeas Corpus* and Certiorari.

CHARLES F. BURROUGHS, Appellant,
versus
MORGAN TREAT, United States Marshal in and for the Eastern District of Virginia, and Honorable EDMUND WADDILL, JR., United States District Judge for the Eastern District of Virginia, Appellees.

The petition of the above named petitioner, Charles F. Burroughs, for an order allowing an appeal to the Supreme Court of the United States from the final order in the above styled cause, discharging the writs of *habeas corpus* and certiorari in this cause and remanding petitioner to the custody of the said Morgan Treat, United States Marshal.

Charles F. Burroughs, the petitioner and appellant above named, feeling himself aggrieved by the final order heretofore made and entered by this Court in this cause on the 14th day of July, 1906, whereby it was ordered that his petition for a writ of *habeas corpus*, directed to said Morgan Treat, United States Marshal, in and for the said District of Virginia, and his writ of certiorari, directed to Hon. Edmund Waddill, Jr., United States District Judge for said
169 District, commanding him to return all the proceedings, warrants, depositions, examinations, commitments and record of all proceedings against your petitioner to the Circuit Court of the United States, were, after the same had been duly granted and return made thereon by this Honorable Court, discharged, and petitioner was by said order remanded to the custody of said Morgan Treat, United States Marshal, as aforesaid.

Now come, Jno. J. Vertress and Jas. C. Bradford, his attorneys

and counsel, praying this court for an order allowing your petitioner to prosecute an appeal from said final order of the United States Circuit Court to the Supreme Court of the United States, and according to the laws of the United States in that behalf made.

Your petitioner is advised by his counsel that *in* the proceedings referred to in the petition for writs of *habeas corpus* and certiorari, and the said order discharging the same have infringed the constitutional rights of your petitioner and that the commitment of your petitioner and the restraint of his person referred to in said petition and under said order is without authority of law and that the said United States District Judge acting as United States Commissioner, before whom your petitioner was arraigned, as set forth in said petition hereinbefore referred to had no jurisdiction to either require bail of petitioner or to commit petitioner in default thereof, and your petitioner desires in good faith to submit the constitutional questions and other questions involved to the Supreme Court of the United States for their determination.

And your petitioner will ever pray, etc.

CHARLES F. BURROUGHS, Appellant,
versus
MORGAN TREAT, United States Marshal in and for the Eastern District of Virginia, and Honorable EDMUND WADDILL, JR., United States District Judge for the Eastern District of Virginia, Appellees.

171 The petitioner, Charles F. Burroughs, by John J. Vertress and Jas. C. Bradford and John S. Miller, his counsel in connection with his petition of appeal herein, entered herein,

to the Supreme Court of the United States, from the final order made and entered in the United States Circuit Court of the Fourth Judicial Circuit in and for the Eastern District of Virginia, discharging the writs of *Habeas Corpus* and certiorari and remanding petitioner to the custody of the said Morgan Treat, Marshal, *and* makes and files the following assignment of errors:

1. The court erred in discharging the petitioner's writs of *Habeas Corpus* and Certiorari and remanding him to the custody of the United States Marshal.

2. In refusing to grant the prayer of said writs.

3. In refusing to discharge said petitioner.

4. In holding that the restraint of the petitioner's liberty is legal.

5. In holding that the restraint of your petitioner is not in violation of his substantial rights.

6. In holding that said alleged indictment or any count thereof stated an offence against the laws of the United States.

7. In holding that the alleged indictment, or any count thereof was sufficient upon which to base a warrant of removal.

8. In holding that there was sufficient evidence of probable cause.

9. In holding that the warrant of removal made by the United States District Judge for the Eastern District of Virginia was issued upon the finding of probable cause; and in not holding that said order & warrant of removal were unauthorized & void because said District Judge refused to receive or hear any evidence offered by petitioner.

10. In holding that the alleged indictment with proof of
172 identity was conclusive evidence of probable cause.

11. In holding that upon the introduction in evidence of the alleged indictment with proof of identity that the defendant, your petitioner, was not entitled to introduce evidence offered by him and in refusing to hear or receive any evidence offered by him to show that the alleged offence, charged in said indictment and in each count thereof had not been committed by him in the State of Tennessee, in which state the indictment was found and in so holding, violating Article V and Article VI of the Amendments to the Constitution of the United States in that he was deprived of his liberty without due process of law.

12. In failing to hold that your petitioner is deprived of his liberty without due process of law in violation of Article V of the Amendments to the Constitution of the United States, in that said District Judge refused to hear or receive any evidence offered by your petitioner in that the complaint and evidence referred to herein, which were the sole authority for the petitioner's arrest and commitment as aforesaid failed to charge the petitioner with any crime against the laws of the United States.

13. In failing to hold that the petitioner's detention was in violation of Article V of the amendments to the Constitution of the United States in that the said United States District Judge, sitting as United States Commissioner and the United States District Judge has such jurisdiction to order the arrest and commitment of your

petitioner, and that your petitioner is held to answer for a crime without any sufficient or valid indictment of a grand jury.

14. In failing to hold that restraint of your petitioner is in violation of Article IV of the Amendments to the Constitution of the United States, because it appears from the indictment upon
173 which the warrant in this case was issued that in was wholly void.

15. In failing to hold — the restraint of your petitioner is in violation of the provisions of Article IV of the amendments to the Constitution of the United States for the reasons particularly specified in his petition for a writ of *habeas corpus.*

16. In holding that a warrant of removal should issue for the reason that the proceedings conclusively show, by the indictment that the venue for the facts alleged in the indictment is not and was not in the Middle District of the State of Tennessee or in the State of Tennessee.

17. In failing to hold that the restraint of your petitioner is in violation of the provisions of Article VI of the amendments to the constitution of the United States for the reason that upon the proof offered to be made and rejected by the United States District Judge, sitting as a commissioner, and the United States District Judge and this Honorable Court, sitting upon the hearing of the petition of *habeas corpus,* and by the averments of said petition which were not controverted, it was conclusively shown that the offences charged in the indictment were not committed in the Middle District of the State of Tennessee or in the State of Tennessee, and that he could not be lawfully tried by a jury of the State of Tennessee and of the Middle District of Tennessee where said indictment was found.

18. In holding that the warrant of removal was properly issued, as the record and proceedings conclusively show that the alleged offence, complained of in the indictment and the several counts thereof, did not occur within the Middle District of the State of Tennessee, or in the State of Tennessee, and that your pe-
174 titioner did not conspire to commit any offence within the State of Tennessee, or in the Middle District thereof.

19. In holding that your petitioner was lawfully in the custody of said Morgan Treat, United States Marshal in and for the Eastern District of Virginia, and was lawfully deprived of his liberty by him by due process of law.

20. For other errors appearing on the record, by reason whereof, the petitioner prays that the said order, discharging said writs of *Habeas Corpus* and Certiorari be reversed and the petitioner discharged from custody.
